

My History and the Story of this Holy Rosary DVD and CD Program

A number of years ago I was invited to address the International French Wine & Chocolate Industries Expo in Paris! I planned a two week trip! A friend who was not Catholic called me when he read the article in a industry mag. Tom, be sure to visit Rue De Bac! I said what is Rue De Bac? He said, it is the Mother House of the Sisters of Charity in Paris and it is only 3 block's from Notre Dame! Once in Paris I took a cab to the address! Inside the Chapel was a story plate on the wall that told the story of how Our Lady appeared to St. Cathrine in the Chapel in 1830. She gave her a detailed description of the medal that she wanted to have designed and made for all Catholics to wear in her honor! Over the many years the name changed to the Miraculous Medal because of all the Miracles that came about for people who wear the medal around their necks! As I knelt there to pray I received a spiritual message that said; Go to Lourdes! I had always wanted to go to Lourdes! But I had not planned it on that trip! My guardian angel said you may not have another chance! I contacted a limo service and they drove me to Lourdes! On that first day I rose early! It was foggy and just raining a bit when I got to the Grotto at 6:30. There were only two other people there! Again kneeling at the foot of the Grotto I received another Spiritual message! Use your God given skills to create a Holy Rosary Movie for Our Lady and for the World to see! It was a very moving and peaceful moment! I told myself that once I was back that I would begin at once to make the movie. That is how it all started. The research alone took me over 60 hours just to find just over 500 Old Dutch and Italian Masters paintings, murals and artworks of all of the Mysteries of the Holy Rosary! I spent many hours at St. Charles Seminary library viewing all of the painting's and photos! Then I had to begin to create the story boards all of the photos to match the words of the prayers! That took another 20 hours! Then we had to video tape the children and the adults at the Church saying the Holy Rosary! The planning for the video tape at the church was another 6 hours! Then I had to edit all of the photos in proper order. Then I found a Harpist to provide me with the back ground music which really added a special effect! When it was all said and done the cost came in at \$5800 just to make this one hour DVD and one hour Driving CD! If I had added my 125 hours at my standard rate and fee it would have pushed the cost up another \$12,000! And so today I am offering Catholic Parish's and Ladies auxiliaries a Holy Rosary Fund Raising Program to help support their Parish's! If you have a special devotion to Our Lady we invite you to help distribute the DVD's and CD to your Parish for this dual purpose!

First to help the Parish with funding all of the expenses incurred during each month!

But more important to provide the Parish members a way to pray the Rosary on the way to work everyday! Our Lady has asked each of us to PRAY THE HOLY ROSARY EVERYDAY!

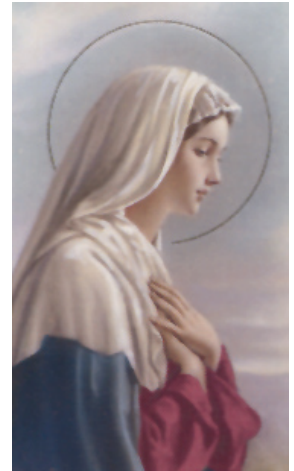

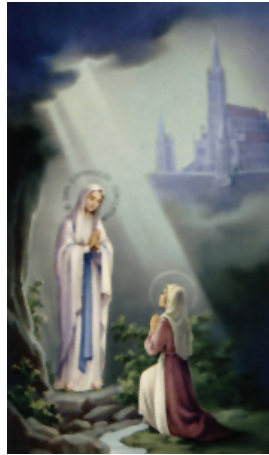

If you have family and friends who have a special devotion to Our Lady, the DVD makes a great gift for people who are shut ins! People who are home or bed bound and can get to Mass!

And the drive to work CD is great because you do not need to use the beads just follow along with the Prayer's! And now it appears that we all need to Pray for America! Because EVIL forces and elements have taken over the Federal Govt.! When the Federal Govt. tells all Americans that Bibles are no longer allowed in Military Hospitals the CRAZY'S have taken over in Washington! And when the Federal Govt. is suing Catholic groups like Little Sisters of the Poor and Catholic Hospitals and Universities then America has a major problem! And YES, we need to PRAY BIG TIME because Washington is taking America down the drain! Enclosed is my Holy Rosary program page for your review! Pass the word along.....Pray the Rosary! I now feel that I have done my part for Our Lady! Now it's up to you!

The Holy Rosary Over 505 Old World Paintings

The artful images will lift your spirit and light up a smile on your face. As you pray along and view each painting you will see the Joy and the Suffering on the canvas! You will come to understand what our Savior did for all mankind! He gave his life for our Salvation. Your mind will light up and your spirit will rise up to the sky! Many Catholics are unaware of the 40 hours of Adoration of the Holy Sacrament! According to Pope Pius V there was a War with the Muslims who wanted to overrun all of Christian Europe. The Pope authorized the 40 hours of praying the Holy Rosary along with the exposition of the Holy Sacrament. Fifteen thousand Rosary beads were given out to 15,000 soldiers and the War was won and the Muslims were driven back across the straits of Gibraltar to North Africa! The reason that I created this DVD was for people who are housebound! People whose health would not permit them to go to church to receive the benefits and the blessing like most people do on Sundays! The CD was primarily created for people who have that special devotion to Our Lady and who want to say the Holy Rosary as they drive to work each day! Many people will not only say it going to work but they will say it coming home from work! For those who pray the Holy Rosary on a daily basis they know the POWER of PRAYER! Today many people attend the Easter rite of the Stations of the Cross, the images become so real to them as they hear the Sorrowful Mysteries of the Holy Rosary! If you plan to purchase the DVD, then all of the images in that video come flooding back in your mind's eye. You will recall the Joyful and the Glorious Mysteries! God knows all of the Good you do everyday! Our Lady's Plea is simple; PRAY THE ROSARY EVERYDAY!
