According to google; Tom Catanese of Plymouth Meeting is Americas Gift Basket and Gift Creation Designer and Expert! He has created many Fantasy Gifts for many Hollywood Celebrities. Catanese wants to change the National Holiday from Mother's Day to Mother's Week! Let's face it he said! Mother's the world over are the most important human value on Earth! Without a Mothers love the World as we know would be a very empty place! When you hear a big strapping football player say hi, it is not Hi DAD! It's always, Hi Mom! That simple little loving acknowledgement says it all to Mothers around the World! In keeping with that concept Catanese has designed a very special Mother's Day Gift that would bring Joy and Happy tears to any Mother eyes! This Gift can be created by anyone for your Special Mother's Day Celebration of Love! Pictured here is the Gift, its 40" tall! You create your Mother's Day gift wrap by using 11" x 17" plain sheets of paper! Then cover each sheet with your Mother's lifetime of photos and color copy each sheet! Use the sheets to gift wrap the boxes!

Here are the instructions! The gift can be made smaller!

How to create a Mother's Day Family Heritage Gold Oscar Gift Tower!

- Ask Mother for Family Albums, tell her you want to make your own album Select 80 photos in time and date from her as a baby to present day
 - Use 5 – 11" x 17" sheets of paper, adhere photos lightly to sheets.
 - Color copy sheets at office supply store- use as gift wrap on gift boxes! Each box contains a Gift from her children! There are many sources of boxes!
 - Wrap each gift box in the photo sheets and stack together to 40 inches high!
 - Use 2" clear box tape to join all boxes together! You will not need cellophane Go to your local Trophy store! They sell legal look - a- like Oscars!
 - Type a label for the base of statuette;
For Best Performance in the Role of a Mother!
 - Add the legal look-a-like Gold Oscar Statuette to the top and secure with tape to the top box. Important! The family can do this! It takes about 3 to 4 hours to create this gift! If you plan on creating this unique gift act now In this way the adult children have time to work on the project on the weekend of 5/2- 3!
 - The Trophy stores have legal look-a-like statuettes you can purchase!
 - Last tip! Dollar stores sell white tissue for a \$1.00! Buy that and cover the tower over with the white tissue so that it will be a surprise! Then if you have a dinner at a restaurant you can bring the tower with you and it will be a surprise when opened!

In 1985 Catanese was called on by Paramount Studios to create a very unique cast party gift for Steven Spielberg when he completed his movie; Raiders of the Lost Ark! Spielberg's secretary was unable to find any Gift Basket store's in Hollywood who could conceive, design and create a gift around the concept of the movie! It took place in Egypt, it's the Nazi's, it was World War II, it was the Ten Commandments, the Snakes, the Blood and the Nazi's they were stealing the Ark with the Ten Commandments inside!

There was an American Archeologist into leather and whips! The gal at Paramount had attended a Gift Basket Sales, Marketing and Gift Design Seminar a few years earlier in Hollywood presented by Tom Catanese! She wanted to open her own Gift Basket business!

Below is the Gift that Catanese designed for Steven Spielberg! The black things coming from the base of the basket are the 12 snake's heads! When the basket was delivered all of the snakes started to bob up and down.

He included in the back of the 5 ft. gift a tape recorder with the Raiders sound track theme music! When they delivered it to Spielberg we pushed the button and the music started to play as they carried this 100 lb gift into his office! Steven jump up on his desk and started dancing he was so happy!

Catanese brings over 40 years of design and creativity to any gift he creates! He has been helping women start their own home based business since 1977! He was saying that he wants to replace Mother's Day with Mother's Week! Also the Father could ask the young children to write a Love Letter to their Mom's to thank her for all of her loving care all the time! So that is why Tom Catanese wants Mother's Day to become Mother's Week!
